

MEET OUR... DIRECTOR OF NURSING

Lisa Marie Swiatkowski RN, LHCRM

HOW LONG HAVE YOU BEEN A NURSE?

I've been an RN for more than 25 years. While I've worked in almost every aspect of healthcare, my true passion is home care.

WHAT EXPERIENCE DO YOU BRING TO BRIGHTSTAR CARE?

I began my career in healthcare at the age of 16 working as a Resident Aide in an Assisted Living Facility. I worked my way through nursing school as a Medical Assistant at an Urgent Care center and a doctor's office. Having finished nursing school, I got a job at a hospital as a Charge Nurse and Nurse Preceptor. It was while working at the hospital that I discovered my love for Home Care by providing home infusion services on a per diem basis. After the birth of my 2 boys, I started my own Legal Nurse Consulting business and served as a board member and Director of the American Red Cross Nurse Assistant Training Programs for Florida, Georgia and Alabama.

WHAT ASPECT OF YOUR JOB ARE YOU MOST PASSIONATE ABOUT?

I truly love that Home Care provides me the opportunity to spend more time on a one-on-one basis with our clients. In Home Care, I truly get to know our clients and see the difference we are making in their lives. As the owner and Director of Nursing, I know that we are providing outstanding care and the excellent customer service that our clients expect and deserve.

I PROVIDE A HIGHER STANDARD OF CARE FOR OUR CLIENTS BY...

Educating and training our caregivers and nurses to ensure they are providing the highest quality of care for our clients. I take the time to get to know our clients, understand their needs, and celebrate their life. Our clients are our extended family.

Committed to providing A Higher Standard of Care through person-centered care and clinical excellence.
